links in the Country

94. SHRI RAOOF VALIULLAH: Will the Minister of WATER RESOURCES be pleased to state:

(a) whether it is a fact that two separate Himalayan and Peninsular River links are under serious consideration of the Government of India;

(b) if so, what is the agency which has been entrusted to work on those links and what will be the estimated quantum of surplus water to be diverted to drought-prone areas of the country;

(c) by when such an integrated development is likely to take place; and

(d) whether any funds have been allocated for the schemes?

THE MINISTER OF WATER RESOURCES (SHRI B. SHANKARANAND): (a) The Government of India have formulated a National Perspective for Water Resources Development, comprising two main components namely; (i) the Himalayan rivers development and (ii) the Peninsular rivers development. At present, the component of development of Peninsular Rivers is under investigation and study.

(b) National Water Development Agency was set up in July, 1982 to firm up the proposal of the Peninsular Rivers Development component. The quantum of water that can be diverted depends on the results of the studies.

(c) and (d) The investigations and studies are expected to be completed in about 10 years period for which an outlay of Rs. 11 crores has been approved during the VII Plan period.
